Portable Generators

**WACKER
NEUSON**
all it takes!

Dependable portable power

This lightweight, versatile generator is ideal for smaller jobs. It's durable and compact size offers dependable high performance power with unmatched tool starting ability and voltage regulation. Premium components provide long, trouble-free operation.

- A unique step-start generator technology with Automatic Voltage Regulation (AVR) and separate excitation winding delivers best in class tool starting and voltage regulation.
- Robust, powder coated steel frame with dual cross-member support, high impact polyethylene fuel tank and heavy duty shock mounting combine to provide outstanding impact protection.
- Proven Honda GX160 engine with low-oil shut down.
- Fully compliant with EPA evaporative emissions regulations
